

Dear Friends,

Our son, Devin, was born with a muscular dystrophy that changes how he is able to do ordinary things that most people take for granted. Today, Devin's disease is mild but doctors are not sure how it will progress. We are committed to fighting for Devin and other kids affected by this life changing disease.

We are participating in the MDA Muscle Walk of Pittsburgh on May 20, 2018. We've committed to raising awareness and funds to help MDA free individuals — and the families who love them — from the harmful effects of muscular dystrophy, ALS and related life-threatening diseases.

You can help in two ways:

1. [Join us](#) in the fight against muscular dystrophy and walk with Devin.
2. Help us reach our fundraising goal by [making a donation here](#) on our fundraising page.

We'd be so grateful if you would sponsor Devin. Together, we can help fund research to find breakthroughs across diseases and care for kids and adults from day one so they can live longer and grow stronger.

When: Sunday, May 20, 2018

Where: Pittsburgh Zoo & PPG Aquarium

Time: 9:00 am walk starts (please arrive by 8:15am)

Sincerely,
Lisa and Mike Paschall
