

If you liked it last year, you'll LOVE it this year...

# ENRICHMENT

---

## INSTRUCTORS NEEDED!

---

There are lots of opportunities available, including:

- teaching a class we offered last year
- starting a new class (Knitting? Croceting? Mad Science Day?—the sky is the limit!)
- supervising a "Stay-n-Play Day":

These are play-based activity classes. But don't panic....they are way more play than exercise, so NO exercise experience is necessary!! We will have the plans and equipment pre-planned--add a volunteer and we have instant play time (:

Classes run from 3:15-4:15. Programs last year were either one single session or once/week for 3-4 weeks (all at the instructors' discretion.) We are planning 3 sessions of Enrichment for 2009-2010:

October/November/December

January/February/March,

April/May.

Please contact [cburke@zoominternet.net](mailto:cburke@zoominternet.net) to let us know what you are interested in and which session you would be available for. Thanks and see you at Enrichment!
